In the Claims:

Please cancel claims 55-58 without prejudice or disclaimer
and amend the following claim:

Subj X
19. (twice amended) A method for inducing or enhancing in a
subject the production of antibodies reactive with [tumor cells
in the subject] UTAA comprising administering an effective amount
of the antigen composition of [claim 47] claim 62.

Please add the following new claims:

63. An antigen composition according to claim 62, wherein
said UTAA is purified 100-fold over UTAA found in urine.

Subj X
64. An antigen composition according to claim 62, wherein
said UTAA is present as at least 0.6% of total protein in said
composition.
